

Concerned Young Australians

Chairmans Report

29th June 2026

Dear Members, Supporters, and Friends,

I am pleased to announce that this month marks an important milestone for Concerned Young Australians with the official establishment of our Central Coast Branch. This is a significant step in the growth of our organisation and provides a strong foundation as we continue to expand our presence across New South Wales.

With the branch now established, we have begun distributing our membership welcome packs and are preparing to launch our mentorship program. This initiative will pair younger members with experienced mentors aged 35 and over who have volunteered to share their knowledge, guidance and life experience. We believe this program will provide valuable support to our members as they develop their leadership skills and become more actively involved within their communities.

I would also like to take this opportunity to acknowledge several people whose commitment has helped us reach this point. Congratulations to Xander, William and Oliver on forming the inaugural executive of the Central Coast Branch. I look forward to seeing the branch continue to grow under your leadership.

A special thank you must also go to Gerald, who works tirelessly behind the scenes to keep the organisation running smoothly. Your dedication and willingness to support every aspect of CYA does not go unnoticed. I would also like to thank everyone who has invited me to speak about our organisation, provided opportunities to share our vision, and those who continue promoting CYA within their own communities. Finally, thank you to you, our members, supporters and readers for your ongoing encouragement and belief in what we are building together.

Looking ahead, our focus remains firmly on sustainable growth. We are always looking for new ways to expand our reach and strengthen the organisation, and I welcome any ideas or suggestions from our members. The Central Coast Branch is currently meeting approximately twice each month, providing regular opportunities for members to connect, learn and contribute. We are also exploring opportunities to establish a presence in Scone, with the aim of supporting future growth throughout the New England region.

If you are inspired by the work we are doing, I encourage you to become involved. Share this newsletter with family and friends, attend one of our events, introduce someone new to CYA, or simply reach out and start a conversation with us. Every member plays an important role in building this organisation, and every contribution large or small helps us move forward.

Once again, thank you for your continued support. Together, we are building an organisation that invests in the next generation of Australian leaders, and I look forward to sharing many more milestones with you in the months ahead.

Yours sincerely,
Adam Graham
Chairman - Concerned Young Australians
